ROSSINAVI YACHTS

M/Y LEL

Year Complete | 2020

Installed | 9 heaters

Exterior Design | Luca Dini

Interior Design | Luca Dini

The 50m M/Y LEL was built in 2020 by Rossinavi Yachts of Italy. She can sleep up to 13 guests and a crew of 9. Completely built in aluminium, the M/Y LEL shows off a dynamic silhouette that merges her decks and hull. Bromic Platinum Smart-Heat Electric Marine heaters were installed across all three decks and the balcony of the owners' suite, allowing them to enjoy the yacht throughout the year and in different weather conditions.
